There was a tournament at Gum Spring on Friday week, the Knights being charged by E. M. Lowe, of Dranesville, Fairfax county, and the coronation address delivered by Wm. Summers, of Centreville. Mr. Palmer was the successful knight and crowned Miss Mollie Ferguson, Queen. Miss Alice Latham, of Alexandria was crowned first maid of honor. The recent rains have much improved the

in excellent condition for seeding. The Fair of the Loudoun Agricultural Society promises to be very successful.

PANTHERS ABOUT. -The folks of the "Meadow Mountain" region near Grantsville, in this county, have been considerably disturbed recently by the appearence of a panther in that section. The animal has been frequently seen, and in several instances it has encountered and whipped dogs belonging to persons who had gone in search of the animal. Several persons have fired at the "varmint," but owing to nnstendy aim, missed it. One evening last week, two young men were watching a "deer-lick," not far from the Little Meadows, when the panther approached within a few yards of them and suddenly ascending a tree over their heads so frightened the young men that they took to their heels and fled as rapidly as their legs could carry them. A hunting party is proposed to go in quest of the panther this week, and in all probability they may have the sport of bagging rare game. If so, we hope they will send the carcass to our Fair next week for exhibition as one of the natural products of Allegany county .- Cumberland (Md.) Times.

ARE TEETH PERSONAL PROPERTY.-Figaro says that an execution lately put into the house of a man in Paris, surprised him while he was at his toilette, and that the official saw nothing more valuable than a set of false teeth, and he at once set them down in his inventory. The insolvent debtor protested that these teeth were sacred as a part of his person, and suiting the action to the word he put them at once in his mouth. But the sheriff's officer, with many violent gesticulations, insisted that the teeth having once been in his possession, it was contempt of court to take them from him and his threats forced the victim to surrender them. A court of law will have to consider the question whether such matters, to the make up of a gentleman when at hand for actual use, are seizable.

GOVERNOR WALKER. - A private letter received from Governor Walker contains most cheering predictions as to the elections in Pennsylvania, Iudiana, and Ohio. The Governor went West with Mr. Greeley, speaking as he went, and judging from the comments of the press, with great effect. He is now in Ohio, speaking every day, but expects to return to Richmond by the 12th instant; after which date he will devote himself to the canvass in Virginia at such places as the State Committee may think expedient.-Richmond Dispatch.

RELIGIOUS SERVICES YESTERDAY,-The weather yesterday was delightful and the attendance at all the churches open was large. There were no services at the 1st l'resbyterian and German Lutheran churches. Rev. E. H. Rutherford, of Petersburg, preached at the 2d Presbyterian Church. The pulpits of the other churches were filled by the resident clergy. The following is a report of the work done during the day by the Young Men's Christian Asso-

The Mission Sabbath School on the Fishwharf opened with the usual number of scholars and an am le corps of teachers. The committee notice a steady progress of the pupils in behavior and studies. The se-sion closed with an address by Bro. Hawkins. The Alms House services were largely attended, and a large force of workers on hand. The exercises were of more than ordinary interest, the work evidently prospering in the hands of the committee. The jail services were worked by a full committee, and they report no diminution of interest on the part of the inmates, and find occasion to "thank God and take courage." The Canal open-air meeting was an interesting one; the congregation not so large as usual, but those who were present manifested great interest in the services. The open-air meeting at the corner of King and Patrick sts., had a large force of earnest workers. The congregation assembled was very large, and good attention was paid to the remarks of the speakers. The exercises were conducted with the usual spirit characterizing these meetings. The Sunday prayer meeting in the Methodist Epis-copal Church was fully attended. The members of the association were in full force, the speakers were unusually fervent in their appeals, and

all the exercises soul-stirring and pleasant. This prayer meeting will be held next Sunday in the 2d Presbyterian Church. ALEXANDRIA PASSENGER RAILWAY. - A sufficient amount of the capital stock of the Alexandria Passenger Railway Company having been subscribed to authorize the organization of the company, a meeting of the stockholders was held at the office of the Farmers and Mechanics' Saving Bank, on Saturday evening, Gen. M. D. Corse in the chair and Mr. Jefferson Tacey secretary.

A committee having been appointed to examine the books of subscription, reported that two hundred and fifty four shares had been taken, representing \$6,350, and it being found that one hundred and sixty one shares were represented in person, and thirty four by proxy -a majority of the amount subscribed, the company was at once organized by the election of Andrew Jamieson as President, and Lewis McKenzie, S. F. Beach, M. D. Corse, Jefferson Tacey, and F.E. Corbett directors, to serve for the ensuing year.

A proposition to fix the salary of the President having been made, Mr. Jamieson declined peremptorily to receive any compensation until the road paid expenses and a divideud.

Mr. J. assurred the stockholders that the building of the road would be commenced in a short time and its construction vigorously pros-

We understand that the requisite amount of stock has been taken, and that the books of subscription will not again be opened.

COMMITTED. - The men arrested by officer Burnett for attempting to throw the passenger trains on the Alexandria and Fredericksburg Railroad off the track, at Pohick bridge, have been committed to jail at Fairfax Court-house. Fearing that the boy Ben. Jeffries would betray them, they made up their minds at first to kill him, but finally bribed him to keep silence, but when arrested, as stated in the Gazette on Saturday, he made a clean breast of the whole affair. The attempts had been in progress for some time past, and were made at the north end of the bridge for trains going down, and at the south end for trains coming up, and had

MICHALMAS DAY.-Sunday last, is known in the church calendar as the feast of St. Michael and all angels who are supposed to be capable of any concern for men, and of controlling or presiding over certain phases of their lives. To this idea old writers trace the custom in England of chosing their magistracy on St. Michael's or Michaelmas Day. The origin of eating goose on this day, which is honored with almost religious observance in England, arose from the fact that Queen Elizabeth, who was dining off roast goose when she heard of the destruction of the Spanish Armada, ordered that bird to be placed on the royal table every Michaelmas Day thereafter.

Accidents.-Geo. W. Butler, an employee of the O., A. & M. R. R., had his hand terribly mashed while coupling cars at the Henry street depot, this morning.

A young man named John H. Coleman had his chest badly mashed at the same way on Saturday last while engaged in the same place.

A stranger from Washington, on his way to the ferry slip to take the last boat for that city, last night, walked overboard, but was speedily rescued by Capt. Thomas Travis who happened to hear his cries for help.

A. & F. R. R. DEPOT. - As stated in Saturday's Gazette, the building of the depot of the A. & F. R. R. in this city will be commenced immediately. Its site will be on the northeast corner of Fayette and Cameron streets. It will be simply a framed station house, and when finished all the freight to and from the city by that road, will be delivered and received there. and the St. Asaph street depot will be only used for passengers.

TO DEFEND YOUR HEALTH .- The fall of the leaves not only symbolizes human decay, but promotes it. In other words, effluvia from dying and rotting vegetation is unfavorable to health. To this and other causes-especially excess of moisture in the atmosphere—may be ascribed the prevalence of acute disorders of the stomach, powels and liver at this season. Every person of bilious habit is liable to be very bilious in the fall. Then, too, all persons whose digestion is weak are more than ordinarily dyspeptic, and individuals predisposed to colic, diarrhoa and dysentery are particularly likely to be attacked by these complaints. The most complete de-fence against each and all of these distressing ailments is bodily vigor. To obtain this blessing in all its plentitude where it does not exist, and to preserve and per ctuate it where it does exist, Hostetter's Stomach Bitters is earnestly recom-mended. It is the peculiar office of this prepa-ration to reinforce and regulate the important organs which digest and temper the food, and convert it into life-sustaining blood. Bodily vigor depends upon the nourishing qualities of that fluid, and the nutritiousness of the blood depends upon the functional activity and regularity which it is the special province of the Bitters to secure. Hence it is the best defence of health at this season, and indeed at all seasons When dysentery, diarrhea, bilious colic, and other violent affections of the bowels, become epidemic, as they often do in certain parts of the country in the fall, it will be found that persons who have been wise enough to resort to the Bittters as a preventive are almost invariably ex-

empted from the scourge. THE TILS THAT FLESH IS HEIR TO AND many, but a remedy for them all is furnished by nature. There is no doubt that for every disease there is an antidote in the vegetable kingdom. The aboriginess were the victums of many and loathsome maladies, yet they found in the wilds of their forests remedies sure and powerful.
Acting on this belief, Dr. Tutt's Sarsaparilla
